Show a zillion slides and never jam one.

The KODAK CAROUSEL is the slide projector with the *horizontal* tray – and therein lies the secret of its jamproof operation. The horizontal tray makes the CAROUSEL Projector as dependable as gravity. It's gravity that lowers each slide gently, surely into place. Your slides are never forced into place. Never shoved or gripped in any way. And you're never embarrassed by a jammed slide in mid-show.

Choose from three models: The CAROUSEL 600 Projector gives you push-button control. The CAROUSEL 700, hi-lo light, push-button and remote control too. The CAROUSEL 800 has everything—hi-lo light, three-speed automatic slide change, remote focus, remote and push-button slide controls. From less than \$80. Price subject to change without notice.

Ouderwets dia-avondje

De jaren 60, 70 en 80. Alles was heus niet beter, maar misschien wel veel leuker! In deze rubriek halen we bijzondere herinneringen op aan Toen. Vandaag: wie weet nog wat een dia is?

Het is bijna niet te geloven in deze tijd van sociale media en digitaal delen, maar in heel veel Nederlandse woningen gaan nog regelmatig de gordijnen dicht en de lampen uit voor het houden van een ouderwets dia-avondje.

Het inramen van al die dia's was een heel precies klusje.
