We have received from almost all of the above mentioned people a PowerPoint (as back-up) and the text for publishing in the JOS. Be prepared that you will present your presentation from your own PC

for maximum flexibility during the presentation. There is an interesting program with a wide variety of subjects.

**POTENTIAL ACTIVITY FOR ALL PARTICIPANTS:**

A number of you have submitted PowerPoint information about

**Your first Slide Rule**

and **Display of your own collection.**

During the VIM a section is reserved to give you the opportunity to tell about both these subjects. For practical reasons these subjects are combined, giving each person the time to tell about both. If you have not yet submitted a photo of your first slide rule or collection display, you are still welcome to submit them and present your experience regarding these subjects.

**We ask country organisations and other formal and informal groups to forward this announcement.**

Please inform the IM2024 organisation of your presence: [im2024@rekeninstrumenten.nl](mailto:im2024@rekeninstrumenten.nl)

Hope to see you on 21 and 22 September.

Regards,

Chris Hakkaart, Andries de Man, Leo van der Lucht, Karl Klein (ZOOM support)
